In This Year's Goodyear Tires

Here are amazing facts: Goodyear Fortified Tires contain five costly features found in no other tire. They have other features not common.

If we omitted those features, this year's probable output would cost us \$1,635,000 less. We could add that much to our profits. And you would never know it until trouble came.

This year's improvements alone will cost us \$500,000 yearly. Most of this goes into extra rubber—all into extra.

Users Save \$5,000,000 Yet our 1915 price reduction—made February 1st—will save Goodyear users about \$5,000,000 this year. And that was our third reduction in two years, totaling 45 per cent.

These extra features—used by us alone—will save users millions more.

That's why Goodyears dominate. They have long outsold any other. They are gaining new users faster than we can supply them. We hope, for your own sake, that they'll soon win you. Any dealer will supply you.

Every Day View of California Exposition

Dear Advertiser—On Sunday noon, May 9th, Elsworth, wife of Jackson, W. H., with his wife, Fannie B., and daughter, Beatrice and Maybell arrived in Los Angeles and an hour later were safely located at the Burbank home in Tropic, where they received a warm welcome from mother and grandmother Burbank.

When Henry Burbank built his five room bungalow he made no provision for a chamber, for he said that he did not want his mother to kill herself running up and down stairs, but there was plenty of room above for two good bedrooms, and that room was badly needed, so a carpenter was called in, a closet just in the right place was used for the stairway, the stairs put in and two nice chambers finished off. And now my sister writes me under date of June 13th that the chambers are all done, with straw matting on the floor and a bureau and 2-3 bed in each room.

In the same letter she says, "My folks all went to the Ventana and Santa Monica beach yesterday. Got home at seven and eight last evening. They saw a good many things that they never saw before, and had a good time. Maybell is attending the high school at Glendale, she boards at home and has only about a mile to walk."

On the arrival of Mr. Gile and family, I immediately began preparation to continue my swing around the circle, and on Friday, May 13th started for San Francisco with my dear Santa Monica friends, and neighbor, John J. Mansfield, who was for 11 years post master of Hurley, and for the balance of the last 30 years has been one of the leading merchants of the progressive little city of Hurley. And who having retired from business was taking a much needed vacation in which he was visiting friends and taking in the sights of California and visiting the two Expositions. Mr. Mansfield came near being a resident of Maine, for his father was a native of Brownfield, and his wife, as Miss Lizzie Center was a resident of Bridgton, and a niece of the late T. S. Fessenden formerly of South Bridgton. On their wedding trip they went away "down East" and visited friends in Portland, Bridgton and other places. Climbed many of old Oxford hills, sailed upon the lakes, fished along the trout brooks, had their fill of blue berries and enjoyed to the full one of Maine's loveliest autumn seasons.

From Los Angeles to San Francisco it is nearly five hundred miles. We went by the coast line and arrived in San Francisco about ten o'clock the next morning. We boarded a street car at the station and for five cents were landed close by the east entrance of the Exposition grounds. We then visited a near by lunch counter where we satisfied the cravings of the inner man for the princely sum of 15 cents each. There were many signs of "Rooms to rent" in the windows of the houses we passed, and we soon found a room that answered all our requirements (modern and furnished) for which we paid three dollars in advance for both of us, and only nine blocks from the entrance to the grounds. San Francisco is a city built upon many high and steep hills, and many of the finest residences and grand hotels are built upon these hills, up which the electric and cable cars seem to climb with the greatest ease. Some of these we climbed and got a fine view of the great city; with its grand harbor and its bustling busy cities beyond.

We did not enter the grounds that day, but contented ourselves with sight-seeing outside. We visited Ft. Morgan and the beach below, and after supper we climbed a near-by hill and watched the fire works display, which with the display of the light house battery of 48 giant search lights flashing across the sky which was very beautiful.

That night our first in San Francisco, we slept the sleep of the tired, without fear of an earthquake for we were in a two story frame building on the hill top, and our 15 cent supper did not overload our stomachs with indigestible food and give us the horror of the night-mare. We awoke the next morning fresh and rested and prepared for a strenuous day of sight seeing. I shall not attempt to describe the wonders of the great Exposition. One must see it to appreciate its vastness. And he has a good memory who after passing through the grounds, can remember and describe a thousand things of what he has seen. All who can afford to pay the price, should surely take advantage of the present opportunity to see the world's greatest Exposition and view the vastness of this great country lying between the two great oceans.

Made in America and seeing America first should be the slogan of all true blooded Americans in this crisis of the world's history.

I will now quote mostly from my diary to show the places that we visited, the price we paid for meals, admission to the grounds and side shows. We did not visit many of the side shows for we could see such shows at any first class circus. But each night and morning we were returning we passed through the zone which is over a half mile long and wonderfully attractive as it represents almost every nation and tribe on the globe, who by various devices strive to coax from the passing throng their dimes, quarters, and half dollars.

Saturday morning, May 15th, we went early to the grounds and spent the entire forenoon going through and around the grounds. In the afternoon visited the North Dakota, Bolivia and varied industrial buildings, also the Lumberman's fine camp and red-wood building, the Holland flower gardens and Horticultural buildings and spent the evening promenading down the Zone (which was beautifully illuminated at night and with the 48 big search lights which are continually being flashed through the sky and on various buildings, produced a grand and wonderful ever changing panorama. At 9 p. m. went home. Expenses for the day, admission 50 cents, breakfast 30 cents, dinner 35 cents and supper 30 cents.

Sunday with John went to the Cliff House where one never tires of watching the big herd of seals on the big rock within about a stone's throw of the house. We then climbed Sutter Heights to the beautiful park above. We visited Golden Gate Park where we spent most of the day wandering through its shady walks, climbed Strawberry Hill, viewed the wild animals and wandered through its wonderful art building. Returning we went down Market street to the noted Ferry building which escaped both fire and quake. And through which all must pass on their way to the great Ferry boats which are continually passing back and forth to Oakland, Berkeley and the various railroad trains that are awaiting their passengers on the other side of the bay. We then went home. Expenses for the day, supper 15 cents, dinner 20 cents, breakfast 15 cents, car fare 10

cents. Monday, May 17th, visited all day at the Exposition, went through the Southern Pacific, Great Northern, Grand Trunk and Canadian Pacific railroad buildings; also Machinery Hall, Varied Industrial Building. In evening saw the works and listened to the... and. Expenses for the day, 65 cents each for our three meals and admission 50 cents.

May 18th, visited the Denmark and Turkish buildings. In the latter amongst many high priced rugs was one marked \$12,000. It was not more than 16 feet square. We visited the Canadian building, (which had the finest display of any building on the grounds) also the Swedish, Mississippi, Kansas, Iowa, Oregon, and the California state building. Also the sections in the varied Industrial Building occupied by Iowa, Kansas, Oregon and Washington. A very cold windy and disagreeable day. Expenses, breakfast 25 cents, dinner 30 cents, supper 30 cents, admission 50 cents. Also two side shows, The Alligator Farm and The Diving Girls each 10 cents.

May 19th, went with John to the Ferry building and saw him for home, or to Colorado where he will stop a few days to visit with a brother. Called on Henry Stearns at Heald's Business college. Then went back to the Exposition. Visited the Guatemala, Honduras, North Dakota, Norway, Australia, New York, R. diana, Montana, Ohio, France, Illinois, Wisconsin, Pennsylvania and Massachusetts Buildings; and also attended the Zone show representing camp life in 1849 and called the 49 camp. A big expensive ten cent show. Expenses for the day, breakfast 25 cents, dinner 15 cents, supper 35 cents, admission 50 cents, car fare 10 cents and show 10 cents.

Called on Joe Heald a son of Rev. Josiah Heald of Albemarle, N. C., a former Lovell Center boy. Joe was employed in the Auditor's office on the Exposition grounds. I had not met him for about ten years, but he recognized me in the crowd on the grounds and we had a pleasant talk. I saw the submarine explosion one in the bay and saw Art Smith, make one of his dare devil air flights and glides from a height of about 3000 feet in which he lobbed the loop ten or twelve times.

May 20th, went to the grounds in the morning visited the machinery and Mine buildings; the Poultry and Dairy Barns; also the Swedish, New York City and Italian buildings. Tramped around all day and about sundown left the grounds and went to my room. Am glad that my last day at the Exposition is up and that I am soon to start on the home trail. The larger the crowd around you the more lonesome it is to be all alone. And I will advise no one to return to the Exposition all alone. Have at least one jovial companion with you.

May 21, wrote letters in the morning. Then called on Henry Stearns at Heald Business College. Took a tramp of several miles around the city, went across the triangle bounded by Van Ness, Market and Gerry streets within which are many of the finest business and hotel buildings. On McAllister street near by where the ruins of the old City Hall have been cleared away, the City has bought several vacant blocks and started what is called a Civic Center where valuable city buildings costing over \$8,000,000 have already been built. In the evening I went home to Oakland with Henry. Since the death of these two years ago, he has a care-taker look after the house. He rooms at home and daily goes to his task as teacher in the school where he has been a Professor more than 40 years.

On Saturday I visited old Santa Dakota friends at Berkeley, and called at the magnificent home of E. P. Heald, president and founder of Heald's Business College, but was not allowed to see him. Last January he was stricken with apoplexy, and although he is reported as slowly recovering from the stroke he has not been able to leave the house since, and his wife said no one was allowed to see him. The Heald home has indeed been a house of mourning for the past year, for within that time, Mrs. Heald's mother, a son by a former marriage and another near friend have all passed away.

Mr. Heald was born at Center Lovell, Maine, February 5th, 1843. His life's work has been devoted to the building up of the 12 schools, mostly in South California that bear the name of Heald's Business College. They are located as follows, San Francisco, Reno, Ocean Park, Santa Cruz, Riverside, Stockton, Oakland, San Jose, Long Beach, Los Angeles, Fresno and Chico. He is one of old Oxford's sons that has reflected honor on his native town and state, as well as that of the state of his adoption.

Sunday I visited at the home of Mr. and Mrs. Evans in Oakland of whom I have written at each of my former visits. Mr. Evans has retired from business and as a pastime is helping his wife to gather eggs and tend chickens on their small but profitable chicken ranch in the heart of the city of Oakland. Years ago when city lots were cheap he bought a half-block of land on one corner, on which he built a nice home and the balance made a fine chicken ranch in which Mrs. Evans has engaged and developed quite a money making industry.

Four Leaf Clovers
I know a place where the sun is like gold And the cherry blossoms burst with such glow And down underneath is the loveliest nook Where the four leaf clovers grow.
One leaf is for hope and one is for faith And one is for love you know, But God put another in for luck If you search you will find where they grow.
But you must have hope and you must have faith, You must love and be strong and so If you work, if you wait, you will find the Where the four leaf clovers grow.
BLANCHÉ E. KIMBALL.

Spending at Home
It is estimated that the money spent by American tourists abroad ordinarily amounts to about \$100,000,000 a year, and because of the war most of this amount will be kept at home this year. This ought to do something toward stimulating business at home and offsetting shrinkage of revenue on imports.

Fresh Corn On the Cob —or Dry Kernels?

Fresh tobacco in the Sickle Plug or dried up particles of sliced or granulated tobacco? Real tobacco flavor depends upon the leaf being preserved in its natural state, possible only by pressing the leaves into plug form and keeping it in by covering it with a natural leaf wrapper. The natural flavor and strength of tobacco escape when cut or granulated.

Take a Plug of Sickle that is even thoroughly dried out so that when you whittle it off it crumbles into dust, but it will burn and smoke smooth and cool as it has all of its original tobacco flavor preserved, unevaporated in Plug Form.

Whittling a pipeful is little trouble, amply repaid in both quality and quantity. Try this experiment and judge for yourself.

MILTON PLANTATION.

Celebrates Twenty-first Birthday.
A few of Hermon Hopkins's friends spent a day at camp, the 18th, in honor of his 21st birthday. The gathering was held at one of the camps on Davis Pond in the east part of the town. A dinner consisting of hot coffee, sandwiches, ice cream and cookies was served. Bathing was the most successful feature of the day. Everyone went home happy and wishing that Mr. Hopkins might enjoy many more pleasant birthdays.

The Chippewee Campfire Girls met for their monthly council meeting at the home of Mildred and Edna Brown, Friday evening, July 16th.

Harold A. Jackson was home over Sunday from his work in Rumford Center.

Henry Burgess of Rumford Center, was the guest of his cousin, Mrs. Harriet Sessions, one day recently.

Mildred and Carl Burgess have returned to their home in Rockland, Mass.

Arthur Carroll has purchased a new 1916 chiviot car and has taken the agency for the same.

John Brown has left the mill to do his haying.

Phon Brown is at work for his grandfather, Daniel Estes in Hamlin's Gore.

Mr. and Mrs. Arthur Carroll, went to Rumford, Sunday in Mr. Carroll's car.

F. D. Lapham was at home from his work in Hamlin's Gore, over Sunday.

Mrs. Minnie Cushman and Ella Billings of North Woodstock spent Friday with friends in town.

Clyde Lapham has finished his work here in L. M. Mann's mill and will work for his uncle, Gilman Buck, during the haying season.

Ted Brown is sick with typhoid fever, but is getting some better.

BETHEL.

Middle Intervale.

An interesting and helpful sermon was delivered here July 18th by Rev. E. H. Stover of Bryant's Pond from Heb. 8-19. Central thought, God helps those who seek Him, or help themselves. God's everlasting love and help is ever coming to us as much as the natural sunshine reaches the darkest places on earth and God is to us in a spiritual way what the natural sun is to the natural world. Christ will appear to those who look and seek for Him.

Mrs. Ralph Kilgore of Newry is with her daughter, Mrs. John Carter in their summer home.

Mr. Lawrence Gilbert of Livermore Falls is here among friends and relatives for a short vacation.

Mrs. Wm. Farwell still cares for a large flock of chickens and hens.

"GETS-IT" a Sure-Shot for All Corns

Use Two Drops - and They Vanish.
When corns make you almost die with your boots on, when you try to walk on the edge of your shoes to try to get away from your corns, you're way behind time if you have not used "GETS-IT." It's the

"Murder! Everybody Tries to Step on My Corn!" Use "GETS-IT" and You'll Have No Corns to Be Stepped On.

Corn cure of the century, the new way, the sure, painless, simple way. It makes a fellow really feel foolish after he's used too-eating salves, corn-biting ointments, too-bundling bandages, blood-bringing razors, knives, files, scissors, jabbers and what-nots, when he uses just 2 drops of "GETS-IT" and sees his corn vanish. The difference is divine. Just try it. You won't wince when you put on your shoes in the morning. "GETS-IT" is sure, "gets" any corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

IN THE ARMY

They say: "A man is as strong as his stomach."

Seldom do you find a weak man with a strong stomach, or a strong man with a weak stomach. You have any "stomach" for fighting, or working, when it goes back on you. Keep your stomach well and strong with "L. F." Atwood's Medicine, and you will keep free of indigestion, dyspepsia, sick headache, biliousness, and other ills that come from a weak stomach.

Brewer, Maine.
Dear Sirs:—I have taken the "L. F." Atwood's Medicine for years and consider it one of the best remedies in the world. A few years ago I had a bad stomach and liver trouble. Am now entirely cured by use of "L. F.'s."

MILTON PLANTATION.

Celebrates Twenty-first Birthday
A few of Hermon Hopkins' friends spent a day at camp, the 18th, in honor of his 21st birthday. The gathering was held at one of the camps on Davis Pond in the east part of the town. A dinner consisting of hot coffee, sandwiches, ice cream and cookies was served. Bathing was the most successful feature of the day. Everyone went home happy and wishing that Mr. Hopkins' might enjoy many more pleasant birthdays.

The Chippewee Campfire Girls met for their monthly council meeting at the home of Mildred and Edna Brown, Friday evening, July 16th.

Harold A. Jackson was home over Sunday from his work in Rumford Center.

Henry Burgess of Rumford Center, was the guest of his cousin, Mrs. Harriet Sessions, one day recently.

Mildred and Carl Burgess have returned to their home in Rockland, Mass.

Arthur Carroll has purchased a new 1916 chiviot car and has taken the agency for the same.

John Brown has left the mill to do his haying.

Phon Brown is at work for his grandfather, Daniel Estes in Hamlin's Gore.

Mr. and Mrs. Arthur Carroll, with Mr. and Mrs. Philip O'Brien, went to Rumford, Sunday in Mr. Carroll's car.

P. D. Lapham was at home from his work in Hamlin's Gore, over Sunday.

Mrs. Minnie Cushman and Ella Billings of North Woodstock spent Friday with friends in town.

Clyde Lapham has finished his work here in L. M. Mann's mill and will work for his uncle, Gilman Buck, during the haying season.

Mrs. Sarah W. Buck and her son, Gilman, also Clyde Lapham were the guests of Mrs. B. F. Lapham at Rumford Center, Sunday.

Freeman Morse is at work for C. E. Jackson.

Mr. and Mrs. Freeland Knight of Yarmouth called on Mrs. Knight's brother, C. E. Jackson, Saturday.

Alton Coffin is feeling a little better at this writing, but he is still in very poor health.

Dan Sweet's sprained wrist does not strengthen very rapidly, but he manages to do all of his work alone. He loads hay and drives horses, milks cows, etc., as easily with one hand as with two.

When he can't manage a horse himself he takes a wheelbarrow, ties a rope around his neck and then hitches the other end onto the handle of the wheelbarrow and in this way he plays horse and hauls in many loads of hay during the day.

A few of the Chippewee Campfire Girls went on a hike to Hamlin's Gore Saturday p. m. July 17, making a walk of six miles. Some of the girls were unable to go for various reasons, which is an unusual occurrence when there is a hike in question.

Mrs. C. D. Purington was the week-end guest of her sister, Mrs. Lucella Sessions of Bryant's Pond, going and coming in Mr. Andrews' car.

Fred Veniel has bought Victor Bicknell's Reo touring car.

Walter S. Millett, J. W. Lapham, Phon Brown, Clyde Lapham and Freeman Morse, went on a fishing expedition to North Pond in Hamlin's Gore, Saturday p. m., the 17th. They brought home a good catch.

Raymond Haines caught two other good size brook trout Saturday, weighing one pound and three quarters.

Mrs. Etta Stevens and two children of West Bethel are visiting Mrs. Stevens' sister Fannie Haines.

Ed. Carver of Hamlin's Gore is doing C. D. Purington's haying.

WATERFORD.

Bisbee town.
Mr. and Mrs. Charles Noble and daughter of Paris visited at Newell Andrews, recently.

Annie Hazelton had string beans and green peas from her garden July 18th.

Mildred Parker of West Paris was a guest of her mother, Mrs. Annie Holmes, Thursday.

Mrs. Lizzie Savin entertained the East Waterford circle at Pine Lodge cottage Thursday p. m., the 15th with a good attendance and a pleasant time. Refreshments of sandwiches and two kinds of home made candy was served by the hostess.

Mrs. M. J. Bisbee has returned from her visit at Limerick.

Mrs. Annie Holmes went to Norway Friday.

William Holmes took dinner Sunday at P. P. Hazelton's. Mr. Hazelton helped him drive a well Tuesday.

Raspberries and blueberries are getting ripe.

Arline Grover fell and hurt her arm badly, so a physician was called.

Mrs. Marion Gay has moved her household goods to Massachusetts, where her husband is.

Ezra Lebroke has been to Wolfboro, N. H., his mother, Mrs. S. C. Washburn has been staying with Mrs. Alphonzo Charles in his absence.

Eugene Nevers is boarding at Jesse Littlefield's and works haying for E. H. Nason, when the weather is fair.

Ted Brown is sick with typhoid fever, but is getting some better.

BETHEL.

Middle Intervale.

An interesting and helpful sermon was delivered here July 18th by Rev. E. H. Stover of Bryant's Pond from Heb. 8:19. Central thought, God helps those who seek Him or help themselves. God's everlasting love and help is ever coming to us as much as the natural sunshine reaches the darkest places on earth and God is to us in a spiritual way what the natural sun is to the natural world. Christ will appear to those who look and seek for Him.

Mrs. Ralph Kilgore of Newry is with her daughter, Mrs. John Carter in their summer home.

Mr. Lawrence Gilbert of Livermore Falls is here among friends and relatives for a short vacation.

Mrs. Wm. Farwell still cares for a large flock of chickens and hens.

E. G. Hall was here the 19th as salesman for The Great Atlantic & Pacific Tea Co.

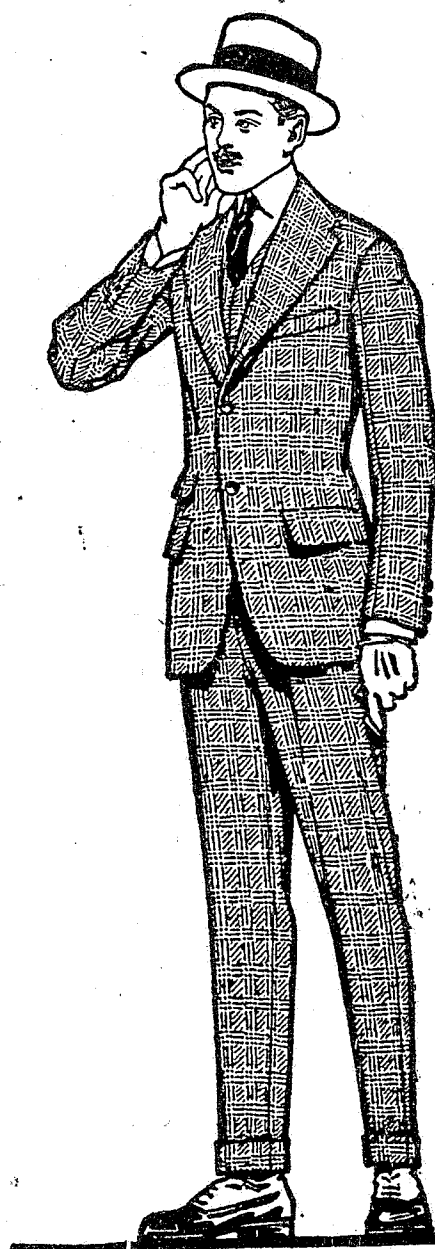

J. N. Marshall, machine agent of Norway and son Ford of Guilford were here recently in the interest of "Singer sewing machine."

Mr. Gregory and family of Berlin were Sunday guests at the Carter Mansion.

Mrs. E. H. Stover and Mrs. Chase and another young man sang at the church services, July 18, with Rev. E. H. Stover preacher. Minister Stover and his wife acted as supt. and teachers at the Sabbath School. Mrs. Stover also presided at the organ in the absence of Frances Carter, the organist.

CONSTIPATION CAUSES MOST ILLS

Accumulated waste in your thirty feet of bowels causes absorption of poisons, tends to produce fever, upsets digestion. You belch gas, feel stuffy, irritable, all most cranky. It isn't you—it's your condition. Eliminate this poisonous waste by taking one or two Dr. King's New Life Pills tonight. Enjoy a full, free bowel movement in the morning—you feel so grateful. Get an original bottle, containing 36 pills, from your Druggist today for 25c.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and had backache, and had headache, a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSENG, Box 8, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
